About Company

- ▶ **MK Trading Academy provide live personal mentorship program**

▶ **Under the guidance of a mentor, MK Trading Academy gives you the fundamental abilities and precise information you need to become a successful trader.**

What is personal Mentorship program

The MK trading Academy live personal mentorship program allows you to see the big and simplified pictures of how trading can be done & to earn consistent profit from the stock market whatever you want to become a intraday swing trader or positional trader. MK trading Academy provides you the core skills and exact knowledge you need to become a successful trader under the mentorship of "Kunal Biradar".

The program is structured in such a way that anyone having zero knowledge about the stock market, but they can earn consistent profits from the stock market after the completion of this program with a structural approach. It aims that to set you on the path to becoming a successful trader independently with a system and contemporary skill set earned from experience

Why should people choose us

We teach from Basics to Advanced of Trading

We not only teach Technical Analysis, but we focus on all the 4 quadrants of trading in depth i.e. Technicals, Money Management, Trading Psychology & Life Management

We simplify explanation of all trading concepts

We provide a complete trading system

We provide high probability trading setups and deeply backtested trading strategies

Who we are

MK Trading is one of the top institutes in India. We are the most prestigious stock market training institutes in stock market industry through which you can start your stock market journey and can become financially independent. We aim to deliver you quality content about the stock market that will shape your knowledge and lead you towards becoming a successful trader.

Who we are?

We give you the path, proper system, and psychology needed to perform well and make consistent profits in the long run. Psychology is one of the most important factors which majority of traders are lacking in the beginning and we mainly work on your psychology in depth. We focus on what is right and what is actually needed. With our concepts and with our experience in the market we have developed such a course which is easily understandable.
